
Honoring work on brain injuries

August 28, 2011

The Westborough-based Brain Injury Association of Massachusetts recently received the Years of Excellence award from the Civil Justice Foundation, a national charitable organization dedicated to strengthening alliances between trial attorneys and advocacy groups. The Brain Injury Association has been providing support and advocacy to survivors of brain injury and their families since 1982. For details on the association, visit www.biama.org. - Jennifer Roach
