BOURNE — The Brain Injury Association of Massachusetts will host its annual Walk & Roll fundraiser Sept. 24 at the Buzzards Bay Recreation Center, 33 Canal Service Road, Bourne.

Walk & Roll offers a chance for individuals and teams to support those affected by brain injury, for brain injury survivors to connect with others in their community and a chance to increase brain injury awareness.

“With survivors, caregivers, donors, volunteers and staff spread out all over the commonwealth, we decided to expand this year to three regional walks to allow more people to participate,” said Nicole Godaire, BIA-MA executive director.

“It is ultimately our desire to help people who are taking life’s journey with brain injury as well as the caregivers and professionals who work with them,” said Lynne Brennan, whose husband, Gary, suffered a traumatic brain injury in 2014. “The Walk & Roll event is the perfect opportunity to bring everyone together and celebrate life.”
